Frank Carey

North Reading High School, Reading , MA

Frank Carey is the unquestioned godfather of Massachusetts High School Baseball. Frank has been coaching baseball for 48 years while accumulating over 600 wins. He is only one of four Massachusetts coaches to accomplish this. His teams have won 23 League Championships, two Eastern Massachusetts Championships, and four State Titles. The North Reading community dedicated the varsity baseball field in his honor.

Frank was instrumental in founding the Massachusetts Baseball Coaches Association serving as its President from 1979-1980. He has worked tirelessly over the years for high school baseball, the MBCA, and particularly for the high school players themselves creating such events as the annual Massachusetts and New England All-Star games which he helps organize and runs each season.

Frank served as the MBCA representative on the Massachusetts Interscholastic Athletic Association's Baseball Committee and was a major participant in the metal vs. wood bat issue came to a head. He continues with the same enthusiasm and energy with the National High School Baseball Coaches Association representing the New England region on the Executive Board, as a member of the Hall of Fame Committee, and as the organization's President in 2006.

Frank has given clinic talks at the our National Convention and also at the Ohio State Baseball Convention.
